## Career Objective

I am a data enthusiast seeking a stable career as a data analyst to leverage my analytical abilities to help the company achieve important and quantifiable outcomes.

## Experience

**Srisha Organics** | Cochin, Kerala, India      Mar 2023- Present  
**Data Analyst**

Developed and implemented robust data cleaning processes and performed statistical analyses on customer purchasing patterns and developed insightful interactive dashboards.

**UST Global** | Cochin, Kerala, India      Mar 2022- Mar 2023  
**Software Engineer**

In my role as a Python developer for Project Curo, a VFX budgeting tool developed by UST Media Services, I was responsible for decrypting legacy encryption, maintaining ETL operations, adding capabilities as needed, and supporting my team to host the project to AWS

**Appsfruit** | Ernakulam, Kerala, India      Jan 2021 - Mar 2022  
**Python Developer**

As a python developer, I have demonstrated my expertise in creating efficient, maintainable, dynamic and scalable applications. I was responsible to build dynamic dashboards that meets and exceeds client expectations

**Appsfruit** | Ernakulam, Kerala, India      Feb 2018 - Dec 2022  
**Digital Marketing Strategist and WordPress Designer**

As a strategist, I managed the digital marketing data analytics and developed ROI-focused, data-driven strategies that boost revenue, lead generation, and website traffic, and use WordPress to develop projects.

## Course Completion

**Predictive Analysis Using R**  
Udemy

**Power BI Data Analyst**  
Microsoft

**Data Visualization**  
Udemy

**Intro to Generative AI**  
Google

**Declaration:** I hereby declare that the information furnished above is true to the best of my knowledge.
